NEW SERIES.

SEDALIA, MISSOURI, THURSDAY JUNE 22, 1893.

PRICE, FIVE CENTS.

IT OPENED TO-DAY.

THE MISSOURI CHAUTAUQUA ASSEMBLY.

SEVENTH ANNUAL SESSION.

The Attendance Not Large, But the Outlook is Bright for a Successful Meeting.

This is Chautauqua day in Sedalia—the opening day of the seventh annual session of the Missouri Chautauqua assembly, which will conclude its session July 5.

There are not a large number of strangers in the city, nor were they expected on the opening day, but the outlook is bright for a fair attendance before the close of the week, and a large attendance next week and until the close of the meetings.

The wind storm of last night played havoc with the large tent erected at Association park, but it was repaired during the morning hours and was in readiness for the opening at 2:30 o'clock this afternoon.

Rev. Frank Lenig, of St. Louis, arrived in the city this morning and will remain until the close. He will officiate as superintendent of the senior normal class and will also conduct the C. L. S. C. Round Table.

The noon train brought from Kansas City Rev. John J. Tigert, who will also remain during the session and conduct the Ministers' institute.

Miss Marion Lowell, of Boston, instructor in expression, has been in the city three or four days, and Rev. A. R. Cronce, the musical director, was prepared for the opening exercises when seen by a DEMOCRAT reporter.

The programme for this afternoon was printed in yesterday's DEMOCRAT. The address of welcome was to have been delivered by Superintendent A. J. Smith, but as he is visiting the World's fair, Rev. F. F. Emerson, editor of the Gazette, was substituted.

The concert to-night will be under the direction of Miss Helen Gallie and Prof. J. M. Chance, the programme being as follows:

1. Piano, { Dance of the Elves...Kroeger
 { Indian Story...Lowe
 { Miss Johns.
2. Voice, Selected...Miss Miles.
3. Piano, { "La Gazelle"...Miss Beulah Harris.
 { Selected...Miss Shirk.
4. Voice, { Gavotte...Miss Shirk.
5. Piano, Waltz...Moszkowski
 { Miss Johns.

The evening's programme will conclude with an entertainment by the famed Ransom-Robertson combination and a treat is in store for those who are fortunate enough to be present.

TO-MORROW'S PROGRAMME:

- 8-8:45 a. m.—Devotional service and Bible reading.
- 9:00 a. m.—Senior normal class. Leng. Lesson 1. The Book: The Old Testament books. Junior normal class. Mrs. Steele.
- 10:00 a. m.—Ministers' institute. Subject, The Preachers Personality and Piety. Tigert. Children's normal class. Mrs. Steele. Expression. Marion Lowell. Chautauqua Extension lecture No. 1. Introduction to social life in Athens.
- 2:30 p. m.—Lecture, The Chautauqua Idea. Rev. Frank Lenig, Ph. D.
- 4:00 p. m.—Expression. Marion Lowell. S. S. teachers' conference. Topic, The History and Definition of the Sunday School.
- 5:00 p. m.—C. L. S. C. round table.
- 7:30 p. m.—Concert.
- 8:00 p. m.—Entertainment. Ransom-Robertson Combination.

Knights of Maccabees.

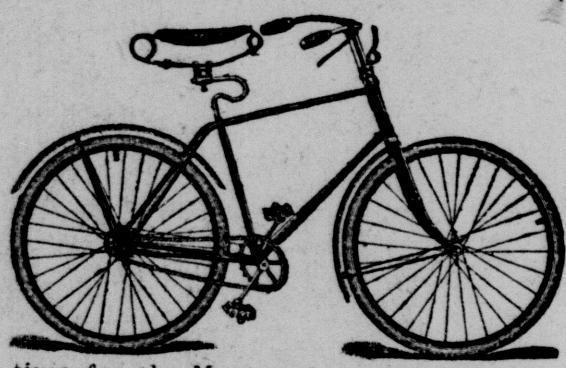

A large delegation of Knights of Maccabees from Warrensburg arrived in the city at noon to institute the new Sedalia tent to-night. The tent starts with seventy-five charter members. After the ceremony a banquet will take place at Kaiser's. Representatives will also come from Warsaw and Cole Camp.

THE INJUNCTION CASE.

It May Come Up Before Judge Field in August.

The injunction proceedings instituted by W. O. B. Dixon et al. to restrain Judge Metsker from building an electric railway on Prospect street, from Third street to Heffry, have resulted in a change in the base of operations on the

the "Mutual Investment Company" will increase its capital stock from \$10,000 to \$20,000 to be paid in installments of \$2.00 per week.

The original capital having been paid in this manner proved a very great success, hence we have decided to increase in the same way. Parties desiring to carry this stock as an investment and saving will call on

part of the defendants, as work is now being pushed north of the track instead of south of it.

Considerable ill feeling has already been engendered between the two factions—those who want the railway and those who do not—and unless a compromise is effected the case will be bitterly contested in the courts.

As stated in yesterday's DEMOCRAT, circuit court will not convene in regular term until October, but it is possible that the case will be taken up by Judge Field in August, on the 8th day of which month a special term will be held to dispose of a large number of tax suits.

WILL MEET HERE.

Sons of Veterans to be With Us Next Year.

Acting Mayor Honkomp this afternoon received a telegram from Capt. W. J. Zimmerscheid, who is now in Kansas City, stating that the state organization of Sons of Veterans had unanimously agreed to hold the meeting in Sedalia next year.

Heavy Wind Storm.

The storm of last evening covered a large area of territory. At Stouts-ville, on the M., K. & T., a number of buildings were blown down and trees twisted from the ground. The wind also did much damage between Sedalia and Kansas City. No one was injured, so far as has been learned.

Many Coming to Sedalia.

There are a great many people that come to Sedalia every week that are looking for city property, either to buy or rent. Also, farming lands in this locality. The firm of Morris & West, 214 Ohio street, would be pleased to have any or all such parties to call on them and look over their large list of city and farm property, for sale, rent or exchange. Call on them if you want anything in the real estate line. They guarantee satisfaction and straight dealing.

W. J. LETTIS,

Hello, No. 50.

The East Sedalia Grocer,
COR. 5th & ENGINEER.

THIS IS CHOLERA YEAR.

In order to prevent CHOLERA and to keep the system clear from MALARIA use Wood's Celebrated Cathartic Pills. These pills are also an excellent remedy for sallow complexion, skin diseases. Nothing can excel them for a blood purifier. These pills have a world-wide reputation for Indigestion, Sick Headache, pain in the head, side or back and Liver Complaint. Try one box and you will be convinced. Over 300,000 boxes are now being sold annually.

Wood's Magic Oil or King of Pain,

An external and internal remedy, has no equal for the cure of Cholera, Cramps, Diarrhoea, Sprains, Bruises, etc. These remedies should be kept constantly on hand and used liberally when symptoms of the above diseases make their appearance.

These remedies can be purchased at the Opera House Drugstore and at most all first-class drugstores.

A HEAVY FINE.

Low Characters Made to Feel the Power of the Law—Highly Commendable.

The case of Alfred Lacy and George Oglesby, two strapping negroes, and Martha Crawford and Margaret Prewitt, white girls, all charged with lewd conduct and associating together, came up before Recorder Rauck in the police court this morning. Recorder Rauck deserves much credit for the summary manner in which he dealt with these dissolute characters. It is the first time for many years that such an infamous case has been in the city courts, and the precedent established this morning will be a warning.

A number of witnesses, principally farmers, were called upon to testify in the case. The defense offered no testimony in rebuttal. The court, after calling attention to the facts, fined the negro men \$50 each and imposed a fine of \$100 each upon the women. They will spend part of the heated term in the city bastille.

A Valuable Team Killed.

Benjamin Main, a prominent farmer living near Mora, met with quite a misfortune yesterday afternoon. After he had started to return home from this city, he was overtaken by a severe electrical storm, and took refuge in a barn to which he hitched his \$500 driving team. A terrific crash of lightning and

Lost His Military Cross.

Major Wm. Beck is vexed to-day over the loss of his iron cross, bestowed upon him by the German government for services rendered upon the field of battle in 1848-49. The cross was worn as a watch charm.

Last Night's Storm.

The electrical storm of last night was quite severe, and for a time things were exceedingly lively around the central telephone office, as Dr. G. W. Mills stands prepared to bear testimony. He was at

thunder came soon after. Both horses were struck and instantly killed. Mr. Main was not injured nor was a lot of stock in the lot near by. The horses were insured for \$75 each.

Election of Officers.

The following officers were elected last night by Eintrecht lodge No. 176, A. O. U. W., and will be installed July 5: Robert Swarz, past grand master workman; William Katzer, master workman; Richard Fisher, foreman; B. Rauck, recorder; Clemens Honkomp, treasurer; L. E. Friemel, financial secretary; John Mossiman, overseer; J. A. Zimmerschied, guide; Ed. Binder, inside watchman; H. Rossel, outside watchman; F. J. Jacob, B.

home when the storm began, but a bolt of lightning set his telephone to ringing violently, and for a time he imagined the judgment day was at hand. He fled to the central office to have things righted at home, but the scene that met his gaze there caused him to reach the conclusion that he had struck the infernal regions, and his fright was pitiful to behold.

A Presentation of Books.

E. E. McClellan last evening presented to Judge Thomas P. Hoy, for the use of the Confederate home at Higginsville, the following books: Shakespeare, a large volume; "Crayon Papers," by Irving; "All Sorts of Conditions of Men," by Besant; "Idle Thoughts of an Idle Fellow," by Jerome K. Jerome; Testament, magazines, songs, etc.

THE DEMOCRAT,
Sedalia, Mo.

Office: 307 Ohio St. Telephone 232.

Official Paper of the City of Sedalia.

Isn't there some other street than
Prospect down in that part of town?

There would probably be no in-
junction against the extension of
the electric line to Marshall.

LON. STEPHENS stood up for Mis-
souri manfully yesterday, but in
Missouri he had a state which any
man would be proud to stand up for.

You will feel better next winter
if you miss the World's Fair and
pay up your bills than you will if
you stand off the bills and go to
the fair.

The Springfield papers are still
quarreling about the northern rail-
road. This is encouraging. As
long as there is anything in sight to
quarrel about there is some hope
of success.

JOPLIN and Webb City have pur-
chased a cargo of Winchester with
which to fight robbers. Two shot-
guns would be sufficient if anybody
happened to remember about them
in an emergency.

HAVE you one or more good
books you can spare for the con-
federate home library? If so,
notify Mr. Chas. Dexter and he
will send for them and place them
in the collection to be sent to the
home.

SLATER wants better protection
against fire. With the losses that
have fallen upon that enterprising
town because of a lack of such pro-
tection, it ought not to take the
citizens two hours to agree to spend
their dimes to save their dollars.

WHEN a man has money to spend
in putting down street railroads and
when laboring men are anxious to
earn that money, it is a pity to run
up against an injunction. Isn't
there some other street down close
to Prospect that affords an outlet to
the north side?

If you go to the World's Fair or
anywhere else on a pleasure trip buy
what you need before you go. The
Sedalia stores can supply any
reasonable man or woman with any-
thing that is needed, and supply it,
too, cheaper than it can be bought
at retail in Chicago.

If you have the money to spare, a
trip to the World's fair will be
found both interesting and enter-
taining. But don't go if by so do-
ing you will have to "stand off"
your creditors. Your merchant,
your physician and any one else to
whom you may be indebted has a
right to feel that in times like these
his bills ought to be paid.

THE request for books for the
confederate home is meeting with a
generous response and already valu-
able donations have been made.
Mr. Chas. Dexter has kindly agreed
to collect books intended for the
library and they can be left at his
store or if notified he will send to
any residence or office in the city
for such books as the owner will
donate to the library.

THE St. Louis Chronicle is mad
because the delegates attending the
banker's congress at Chicago were
given a badge of coin silver with a
device representing abundance of
money and the motto, "It Rules
the World." While the Chronicle's
objection to having the world ruled
by money is well taken, there is no

question but that coin of the realm
is a pretty potent factor in most of
our undertakings.

THE new town of Mokane, on the
line of the M., K. & E. railroad, is
to be one of the principal business
points that will be built up by the
new road. The directors of the
company are among the best known
men in the state, including Gov.
Stone, State Treasurer Stephens,
Hon. Ed. T. Orear and others. The
Fulton Telegraph devotes a
page to the new town, giving the
local news and recording the sale of
many lots.

GOLD is coming this way, the de-
mand for money in New York is
declining, the secretary of the treas-
ury has authorized the payment of
July interest a week in advance,
putting five million dollars in circula-
tion. Uncle Sam is not bankrupt
and the New York "financiers"
need not be alarmed as long as the
farmers have wheat and corn and
beef and pork to sell. These horny-
handed western fellows are not
"financiers" at all, but the prod-
uct of their labors turns the tide
in our favor and pulls the specula-
tors out of the hole.

THE Chautauqua assembly which
meets to-day will bring to our city
hundreds of cultured, refined ladies
and gentlemen. The DEMOCRAT
bids them a cordial welcome and
hopes they will carry away only
the most pleasant memories of the
meeting and the most favorable im-
pressions of our city. Sedalia is
an enterprising, hustling, busy city,
but in pushing enterprises for the
material interests of the community
our people do not forget the moral
and intellectual development of
their city. This is attested by the
handsome churches, the splen-
did schools, the large public
library and the generous invitation
extended to the Chautauqua itself.

It is greatly to be regretted that
work on the street railway line was
stopped by an injunction and it is to
be hoped that the property own-
ers on some street near Prospect
will invite the construction of the
line. It was a splendid advertise-
ment for Sedalia that when other
towns were complaining of hard
times and lack of enterprise the
owners of our street railway lines
should spend thousands of dollars
extending them. Besides, the ex-
tension of the road would have given
employment to many laboring
men whose earnings would have
been spent with the merchants and
business men of the city and would
have helped to increase the volume
of trade and encouraged other men
to make investments.

THE people of the country are
greatly indebted to the western
bankers for the escape of the coun-
try from a disastrous monetary
panic. When gold began—from
perfectly natural causes—to leave
this country a great many unthink-
ing people became alarmed, and the
element which desires to see silver
banished from our monetary sys-
tem seized upon the occasion to
alarm them still more by predict-
ing all sorts of disasters. But the
western bankers stood firm and
generously placed their gold at the
disposal of the government. These
level-headed bankers have kept a
watchful eye upon general business
and in many cases have saved sol-
vent business men from loss or
bankruptcy. The danger is passed,
but the people of the country will
long remember who it was that was
demanding gold for silver paper,
and who, on the other hand,
steadied the treasury and prevented
a panic.

AMUSEMENTS.

It is safe to say there is no House in the west where you can do your trading to such good advantage; where you can take home so much in exchange for the money you spend.

It is Not wise to go to the World's Fair, to the mountains, seaside, or lakeshore, without first coming to the store and supplying yourself with those things which you can't get at home and will cost you more abroad; things which will add so much to your comfort, appearance, pleasure and convenience.

It is a relief to trade where there are so many things in your favor, 103 different departments under one roof; the latest styles, newest creations, and most popular goods in the market; tons upon tons of merchandise brought from every continent and placed within arm's reach or a few moments' walk; polite and intelligent salespeople to serve you. Low prices every where throughout the big store.

It is Not always best to buy a thing simply because it's cheap; you know it isn't a low price alone that marks a bargain. We buy for as little as we can, and then sell for as little as we can afford. Dependable goods, we mean.

It is our custom to hold Special Sales of some kind of merchandise every day. The things bought by our New York buyers crowd into our Receiving Room so fast and in such vast quantities we must clear the way. We prefer the low price method; it's a common thing to see thousands of yards go over the counters in a few hours. We urge our friends out of town to attend these sales.

It is Not every House or every statement that you can drive a peg into and hang your confidence upon. We have won the confidence of the people by carrying out what we promise. Depend upon us.

It is a store for the people; a place where you can come feeling free to do about as you please; to look about, to ask questions, to meet friends, to buy or not, or to sit quietly in the Reception Parlor, Toilet Rooms, Retiring Rooms, Information Desk, Telegraph Office, Mail Box and Check Stand, besides elevators and other conveniences at your service.

It is Not strange that visitors open their eyes in such astonishment as they walk into and through our Mammoth Store for the first time. It has many wonderful sights; among others, the Pneumatic Tube Cash System. Have you seen it?

It is remarkable what taste and originality and diversity are shown in the lovely patterns and color effects of Summer Silks, Challies, Batistes, Gingham, Zephyrs, Organ-dies, Sateens, and High Art Wash Goods. Designs full of sparkle and brightness. Ask to see them, or send for samples.

It is Not so hard to tell where people at the Parks buy their dresses. Just look about and pick out the prettiest patterns. In a large majority of cases there from the store.

THE RAILROADS.

Eugene S. Cronk, a former employe in the M., K. & T. offices here, but now of St. Louis, was at Kaiser's to-day.

Engineer Frank James, running between Nevada and Parsons on the M., K. & T., will remove his family here from Nevada next week.

Conductor Ben Blythe returned last evening from Clifton City, where he attended the funeral of his stepmother during the afternoon.

M. D. Aber, late with the traffic department of the M., K. & T. at Denison, was in the city this morning, on his way to Mexico to accept a good position on the Mexican National railway.

Charlie Fontaine passed through Sedalia last night with his family, en route from "Darkest Egypt," as the "Katy" boys call Parsons, to St. Louis, where has a good position in A. T. Drew's office.

Spit Out the Bullet.

Superintendent of Stock Yards Warren Galbreath, of the "Katy," has a man employed at Denison who is a wonder. Not a great while ago a man was discharged for drunkenness. He immediately proceeded to get as full as possible, and getting a pistol returned to the stock yards looking for trouble. Without a moment's hesitation he approached the employe mentioned above, and fired, the bullet entering the back of the neck. Strange to say, it missed any important artery or blood vessel and was spit out by the wounded man, having lodged in his mouth. Recovery took place in a very short time.

Mike Cattle Moves.

M. W. Cadle, chairman of the general grievance committee of the Brotherhood of Locomotive Engineers, has moved his office from Sedalia to St. Louis. Yesterday representatives of railway unions of those roads running into St. Louis, constituting a grievance committee, held a secret meeting at Mr. Cadle's office. The purpose of the meeting could not be definitely learned, the *Republic* says, but enough was said to confirm the belief that some grievance against railroads is being considered.

Cracksmen at Lexington.

The office of the Missouri Pacific depot, Sid Loomis, agent, at Lexington, was robbed Tuesday night by safe blowers.

The office is usually closed about 8:15 p. m. and not opened again until morning. When the office was opened to-day it was at once seen that some one had effected an entrance during the night. The floor was covered with half burned matches and the combination lock on the safe was blown off. The safe had been drilled open with powder.

The loss was comparatively small—about \$30. But little money was allowed to remain in the safe over night.

Wedded Last Night.

A pretty wedding was solemnized last night, when Chas. E. Costin, a popular young painter in the "Katy" shops, and Miss Mamie Ragg were united in wedlock, the ceremony being performed at the home of the bride's father, T. H. Ragg, No. 1109 East Sixth street. To the happy young couple the congratulations of the *DEMOCRAT* are extended.

Wants to Play Here July 4.

Herman Klink is in receipt of a letter from W. J. Buchanan, manager of the Moberly ball club, asking if Sedalia will offer any in-

ducement for two games here on July 4, between his club and the reserve nine of the St. Louis Browns. "Buch" says he is satisfied his team can defeat any amateur club in the state, and he has the "dust" with which to back his judgment. The chances are that the other attractions arranged for the Fourth will preclude the possibility of ball games.

An Ordinance.

AN ORDINANCE PROVIDING FOR the paving of the alley running east and west through blocks four and five of Smith and Martin's first addition to the city of Sedalia, Mo.

Be it ordained by the council of the city of Sedalia, Missouri, as follows: SECTION 1. That the alley running east and west through blocks four and five of Smith and Martin's first addition to the city of Sedalia, Missouri, which extends from the west line of Ohio avenue to the east line of Kentucky avenue to the west line of Ohio avenue, and being between Third and Fourth streets, the term alley shall not be construed to mean that part of Osage avenue over which said alley shall run or by which said alley is intersected, be paved to conform to the established grade. The term, grade, as used in ordinance shall be construed to mean the grade of said alley indicated by the profile of grade here now presented by the city engineer to the city council for adoption, and the same is by this ordinance adopted as the legal grade of said alley.

GENERAL CONDITIONS.

The work herein specified includes all labor and material necessary to the complete and entire paving of the above named alley.

Upon all questions concerning the execution of the work done, in accordance with these specifications, and measurement thereof, the decision of the city engineer shall be final.

The city engineer shall have the right to discharge careless or incompetent workmen. It is expressly agreed and understood that the entire improvement shall be done in a thorough and workmanlike manner and to the entire satisfaction of the city council, and when done the work shall be complete in every respect.

All material will be carefully inspected after it is brought on the line of work, and all material which in quality and dimensions does not conform strictly to these specifications shall be rejected, and shall immediately be removed from the line of work. If at any time during the progress of the work any rejected or inferior material should be found in the alley, or any portion of the work found improperly done, such material and work shall be removed and replaced by proper material and work at the expense of the contractor.

Notice of any imperfection of work, or inferiority of material, to any foreman or agent in charge of any portion of the work, in the absence of the contractor, shall be considered a notice to the contractor.

The contractor will be required to remove, at his own expense, all obstructions, such as trees, stones, etc.

The contractor shall remove all material and debris from the alley as soon and as fast as completed.

All loss or damage arising out of the nature of the work to be done, or from any unforeseen or unusual obstruction or difficulties which may be encountered in the prosecution of the same, shall be sustained by the contractor.

It is hereby expressly agreed and understood, that on refusal or failure, on the part of the contractor, his agent or employes to comply with any portion of these specifications, the city reserves the right to employ sufficient help to have the required work done, and deduct the expense of the same from any money that may be due or that may hereafter become due the contractor.

The contractor shall maintain red lights at night time at all holes or other dangerous places on said alley, and shall keep all dangerous places on said alley at all times barricaded and protected.

The contractor will be held responsible for all damage done to water, gas or drain pipes.

SPECIFICATIONS.

The alley shall first be graded to the required depth to receive the paving provided for in the following specifications, and the grade surface shall be concave shaped, the center to be six inches lower than the sides, and shall be thoroughly tamped, and all soft places and other irregularities filled with sand or gravel to be thoroughly tamped, so that the whole surface shall be thoroughly compact and solid.

FOUNDATION.

Upon the graded surface thus formed will then be placed three inches of clean gravel, evenly spread and left loose to receive the paving stones.

Upon this will be placed stone blocks, of the very best quality of limestone, measuring from four to eight inches in width, and from eight to sixteen inches in length on their upper face surface, and shall be from five to six inches in depth, with a good surface for travel on top, and the rough face downward and bedded firmly into the gravel. The paving stones or blocks shall be cut so as to make close fitting joints. Over the whole shall be spread a coating of fine gravel sufficient, when thoroughly broomed in, to fill all openings between the stones. The paving shall be at the established grade of the alley at the side and slope both ways herefrom with uniformly curved lines to six inches below the grade at the center.

At places where there are no buildings, or other solid objects to support the outer edge of the paving they shall be placed along the line of the alley oak plank two inches thick and twelve inches wide, the top edge to be flush with the top of the finished pavement and where necessary to be fastened to suitable oak stakes.

MISCELLANEOUS.

A bond of the contract price, conditioned upon the full and satisfactory completion of the contract and to indemnify the property owners and the city of Sedalia from any damage that may arise on account of the negligence of the contractor in not properly guarding and barricading his work, and placing proper danger signals at dangerous places on the line of his work and guaranteeing the payment for all labor employed, and material used, will be required of the contractor.

Each proposal filed as hereinafter required must be accompanied by a certified check on some Sedalia, Missouri, bank for twenty-five dollars, payable to the order of the mayor of said city, which check is to be forfeited and paid to the city of Sedalia in case the party to whom the contract is awarded shall fail to give bond and enter into contract so awarded within ten days.

Any person taking any contract with the city of Sedalia for work under these specifications agrees to be paid from special tax bills made in accordance with the provisions

of this ordinance, and in conformity with the statutes in such cases made and provided.

SEC. 2. The city engineer shall make an estimate of the improvements provided for in this ordinance and file said estimate in the city clerk's office, which estimate shall state the cost per square yard for paving according to the specifications of this ordinance, and no contract shall be entered into for said improvements for a price exceeding such estimate, and thereafter it shall be the duty of the committee on streets and alleys to advertise in the paper doing the city printing for ten days for sealed bids to pave said alley as above provided for.

All bids received pursuant to the terms of this ordinance and said advertisement, shall be referred by said street and alley committee to the city council, and the city council may let the contract for the paving of said alley to the lowest and best bidder provided the amount bid does not exceed the estimate price.

The bids or proposals shall state bids per square yards for paving according to the specifications of this ordinance. The right is expressly reserved by the city of Sedalia to reject any or all bids.

SEC. 3. After such bid is accepted and the contract for said improvement entered into as provided for in this ordinance, it shall be the duty of the city engineer to calculate the cost of paving said alley, hereby provided to be paved under the contract let by the city council and the city engineer, and shall also ascertain the number of feet owned by each property owner fronting thereon, and the proportion of such number of feet to the whole number of feet on the portion of the alley to be paved, and shall return such calculation in writing to the city clerk, and it shall be the duty of the city clerk, upon receipt of such calculation and upon approval by the city council of the work done, to assess for each block separately upon all lots or pieces of ground on either side of said alley, the distance so improved, and in the name of the owner, that portion of the whole cost or sum due for such work of paving with the number of feet he may own and abutting on said alley, may bear to the whole number of feet abutting on the portion of said alley so paved.

SEC. 4. The whole amount of the cost or money necessary to pave said alley, all as provided for in this ordinance, is hereby levied and assessed as special tax against and upon the abutting property on both sides of said alley between the west line of Osage avenue and the east line of Kentucky avenue.

And when the city clerk shall have apportioned the cost of said paving among the abutting property owners, as provided for by section three of this ordinance, he shall issue and deliver to the contractor special tax bills signed by the mayor and attested by the city clerk, for the cost of the construction of said work, including material. Said special tax bills shall refer to this ordinance in appropriate terms, recite the kind of work done and material furnished, describe the lot of ground or real estate on which the special tax lien rests, the name of the owner thereof and the amount for which each tract of ground and its owner is liable, and the name of the contractor, and the contractor shall receive and receipt for the same in full for all claim against the city of Sedalia for any and all such paving and work done and material furnished.

SEC. 5. Said special tax bills shall, in any action thereon, be prima facie evidence of the regularity of the proceedings for such special assessments, of the validity of the bill, and of the furnishing of the materials charged for, and of the liability of the property to the charge stated in the bill, and shall be and become a prior lien upon the property charged therewith and may be collected of the owner of the land in the name of the city for the use of the contractor, as any other claim, and the city of Sedalia will not be liable in any manner whatever for or on account of any work done or material furnished, or the cost thereof.

All said tax bills not payable in three annual installments as hereinafter provided for, shall bear interest after thirty days from date of issue, and the presentation of the same at the rate of eight per cent. per annum; and every such special tax bill shall be a lien against the lot of ground described in the same until the same is paid.

The total cost of the paving provided for in this ordinance, or any part of said paving, at the option of the respective property owners may be paid in three annual payments; one-third in one year, one-third in two years and one-third in three years from date of issue of special tax bills, each payment to bear interest at the rate of eight per cent. per annum from date of issue to the date of payment.

Provided, that the owner of any lot or parcel of ground fronting or abutting on such street or part thereof so improved shall within 30 days after the letting of the contract for such work, notify the city clerk in writing that he desires to pay for the same in three annual payments. In such cases the city clerk shall make out three special tax bills which shall be signed by the mayor and attested by the city clerk, each for one-third of the cost for such work, bearing interest at the rate of eight per cent. per annum, as aforesaid, and deliver the same to the contractor for the work. Each and every such tax bill shall be a lien upon such lot or parcel of ground therein described, and such lien shall continue for one year from maturity of the tax bill last becoming due, until paid, or until the final determination of any legal proceeding to collect the same, but no such suit shall be brought on the same until after maturity of all such tax bills.

SEC. 6. All ordinances or parts of ordinances so far as they are in conflict or inconsistent with this ordinance are hereby repealed. This ordinance shall take effect and be in force from and after its passage and approval by the mayor.

Passed by the council of the city of Sedalia, Missouri, this 10th day of June, 1893.

Arrested for Embezzlement.

Officer Jerry Green arrested at noon Dr. N. Zylinki, of Kansas City, for embezzling \$50 worth of surgical instruments, samples which he had placed with E. A. Evans, of Dr. Miller's pharmacy. Dr. Zylinki represents the surgical instrument and physician's supply house of Edward Koeber, Kansas City. He was placed in jail to await examination this afternoon before Justice Fisher. He has been in this city about two weeks.

CATON'S Nerve Tonic and Vitalizer.

QUICKLY CURES
General & Nervous Debility,
Spinal Exhaustion,
Neurasthenia, etc.

Completely, Perfectly and Permanently Rejuvenating the Vital Energies; Increasing Nervous Power, Renewing the Ambition of Youth and the

COURAGE OF MANHOOD;
Restoring to Enfeebled, Nervated, Exhausted, Devitalized or Overworked Men and Women

Perfect Constitutional Powers.

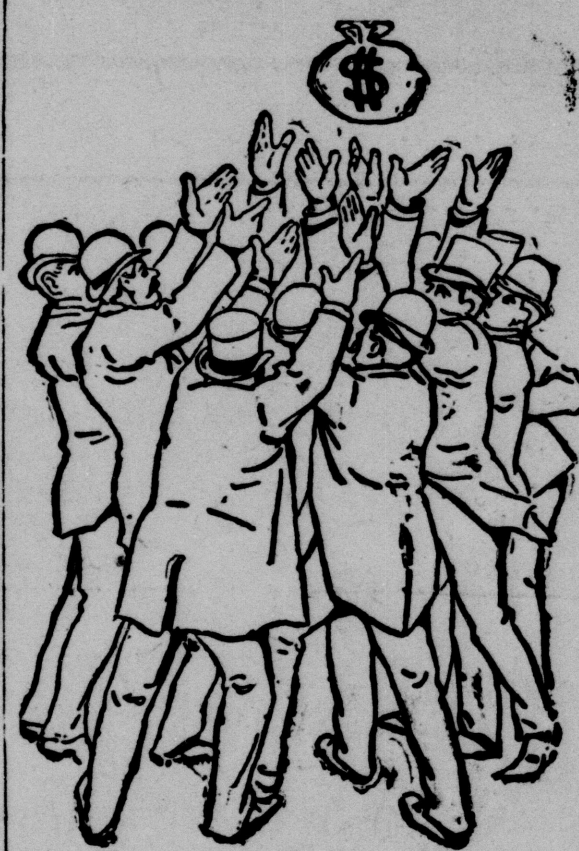

Its extraordinary curative power manifests itself almost immediately it is taken. On this point the evidence of those who have taken it is uniform and positive. They say they can feel the effect of every dose doing them good. It is a powerful nerve invigorating tonic, imparting its restorative influence through the medium of the nervous system to every organ and tissue in the body. It makes but little difference whether the constitutional vigor has been undermined by acute disease, overwork, or certain mischievous indiscretions; or whether the broken down condition is caused by one name or other, so long as there is nervous exhaustion, general or local weakness—so long as enervation and debility are the type of the ailment, this is the remedy.

THOSE WHO SUFFER
from the results of over-mental or physical exertion, hardship, exposure, hidden drains, caprice, or who have brought upon themselves a series of afflictions by ignorantly or willfully violating nature's laws, will find in **Caton's Vitalizer and Nerve Tonic** the remedy for their certain relief. It speedily removes all evidences of progressive physical deterioration, and restores the enfeebled energies to their natural vigor.

WHENEVER THERE IS
any weakness of the vital organs, nervousness, prostration of the physical or mental energies, confusion of ideas, lack of self-confidence, irritability of temper, melancholy, cowardice, weakness of the knees and back, palpitation of the heart, dragging pain in the loins, headache, irritation of the kidneys and bladder, milky urine, pernicious and hidden wastes, resulting in a failure of the mental and physical powers, constituting an impediment to success and unfitting him or her for the duties and responsibilities of life, it is the *remedy par excellence*.

A single package will be sufficient to inaugurate the work of regeneration, and cure in many cases. But stubborn cases often require more. It will be sent, postpaid, secured from observation, for \$1.00 per package, or 6 packages for \$5.00. Address all orders to

HIS LAST LETTER.

IT SHOWS THAT KUYKENDALL WAS INSANE

WHEN HE KILLED SMITH.

The Minute Was Received by Hiram Allen, a Brother-in-Law of Kuykendall.

That the murder of W. H. Smith at Otterville last Saturday by Wm. Kuykendall was premeditated is no longer doubted. Below will be found a copy of a letter addressed to Hiram Allen, a brother-in-law of Kuykendall, which shows conclusively that both the murder of Smith and suicide of the murderer were premeditated.

The letter was written on June 15, but was not mailed until the 17th, a few minutes before Kuykendall fired the two fatal shots. Here is a verbatim copy of the letter addressed to Mr. Allen, which furnishes abundant evidence that Kuykendall was insane when the crime was committed:

JUNE 15th, 1893.

DEAR MOTHER, BROTHER, AND SISTER: This will be a solemn letter for you to read, but you must not grieve after me, for I cannot live under what I have took off of my life.

Dear mother, God has told me to kill him and then for me to pay the debt, as I am going home where there is no more partings or no more troubles.

Oh, dear friends, I feel so happy to think that I am going to meet little Willie and pa.

Oh, I will soon be there! Don't grieve after me, for I am better off than to live here by Smith.

Give my gold watch to Elmer Bell. Give my bible to Maggie when ma is done with it, and give Maggie five hundred dollars when the place is sold, and then divide the rest with the heirs, equal shares, after ma's death.

Hiram, I want you and Mary to live with ma and take good care of her, for I am leaving plenty. You must have all that you raise on ma's land for taking care of ma; and Ham and Ling live there, too.

You can get along fine, for I have not got nothing to live for now, for little Willie and pa is gone home, and I will soon be there, too.

Ma, don't grieve after me, for I will be so much better off than I am now. Oh, dear friends, I can't hardly write, for the tears is in my eyes.

Oh, I feel like I am going home. I love everybody, and hope Mr. Smith is got forgiveness for the way he talked to me, for God has forgive me. I feel so happy now. God was with me all day yesterday, and is with me to-day. I am warned of this. Give my love to Ed. and Ida and Maggie and all the rest of the friends.

I want you all to visit Mrs. Smith and all be friendly and meet me in heaven.

I have \$392 in the bank. Tell Mr. Ross to draw the money for Mr. Clay. As this is my farewell letter, I will close. Good-bye, ma. Don't, don't grieve after me. Oh, I beg you not to, as I will soon be home. I can't live in peace.

Public Sale.

As agent for A. B. Clarke, of Central City, Neb., I will sell 200 head of western horses, mares and colts, to the highest bidder, in Sedalia, Mo., Saturday, June 24, 1893.

These are not Texas ponies, but well bred horses and are sired by Percheron, Ethan Allen and Copper Bottom stallions and are noted for their good hoofs, eyes and lungs,

being raised in the mountains and without grain makes them the healthiest horses in the world.

You are invited to attend this sale whether you want to buy a horse or not. They will be positively sold to the highest bidder without reserve.

Sale will be at the Wolf wagon yard, south of the M., K. & T. freight depot, on East Main street, commencing at 10 o'clock a. m.

CLOSE OF SCHOOL.

COMMENCEMENT EXERCISES YESTERDAY.

ST. ANTHONY'S CONVENT.

The Programme of Exercises Rendered—Presentation of Medals—Father Murphy's Address.

The patrons and friends of St. Anthony's convent school filled Wood's opera house yesterday afternoon, notwithstanding the oppressive heat, on the occasion of the annual commencement exercises of the school, and for more than three hours the vast audience gave their undivided attention while a highly satisfactory programme of exercises, reflecting credit on teachers and pupils alike, was rendered.

St. Anthony's school is conducted by the Sisters of the order of St. Joseph, than whom the world has never produced more devoted, self-sacrificing christian women, and it is a pleasure to the DEMOCRAT to chronicle the splendid success of yesterday's entertainment. Without exception each and every participant did well, and it is not surprising that every number was encoered, while floral remembrances were liberally bestowed.

The initial number on the programme was a march, rendered by Misses Julia Eisman and Lucy Doble, that showed plainly their musical ability and won for them liberal applause.

A song, "Come, Holy Spirit," by a chorus comprising the senior class, with Miss Julia Eisman as accompanist, was the second number, and was charmingly rendered.

Miss Mamie Kinney was grace self in delivering the class salutatory, at the conclusion of which Miss Maggie Anderson, the only graduate of the year, was presented with a handsome gold medal at the hands her teachers, and a beautiful gold ring from her classmates, the later being presented by Miss Kinney and the former by Rev. Father Chlossey, of Kansas City.

The fourth number on the programme was an overture, "Caliph of Bagdad," by Misses Mamie Kinney, Julia Eisman, Lucy Doble and Gertie Kolbohn.

A remarkably good selection, and one that brought tears to the eyes of a portion of the audience, was a recitation by Miss Loretta Kinney, "The Widow and Her Only Child."

A chorus of little boys—Masters Emmet Lucy, Hugh McGinley, Wardie Fleck, Emmet Hurley, Tommie Hurley, Johnny Heitchew, Jimmie Boyd, Eugene Sullivan and Jimmy Heitchew—sang "Merry Little Boys Are We" most acceptably, Miss May Lafferty playing the accompaniment.

A military galop was well executed by Misses Elsie Ferry, May Lafferty, Zetta Weise and Fay Brown.

"The Influence of Woman" was the subject of one of the most entertaining essays ever delivered in Sedalia, and won for Miss Maggie Anderson many compliments. It was not of great length, but afforded much food for thought.

Master Emmet Hurley captured the audience with his recitation, "How Sockery set the Hen," and the liberal applause that greeted his effort was deserved.

Another clever number was a vocal solo, "Peek a Boo," by little Hazel Burnap, Miss Lela Burnap playing the accompaniment. As a vocalist, little Hazel gives evidence of remarkable talent.

An instrumental solo, "Rigoletto de Verdi," by Miss Julia Eisman, was a pleasing number and was liberally encoered.

Miss Etta Hurley's recitation, "Peter Longpocket," was one of the best selections of the afternoon. Miss Etta is a fine speaker, and is possessed of considerable elocutionary ability.

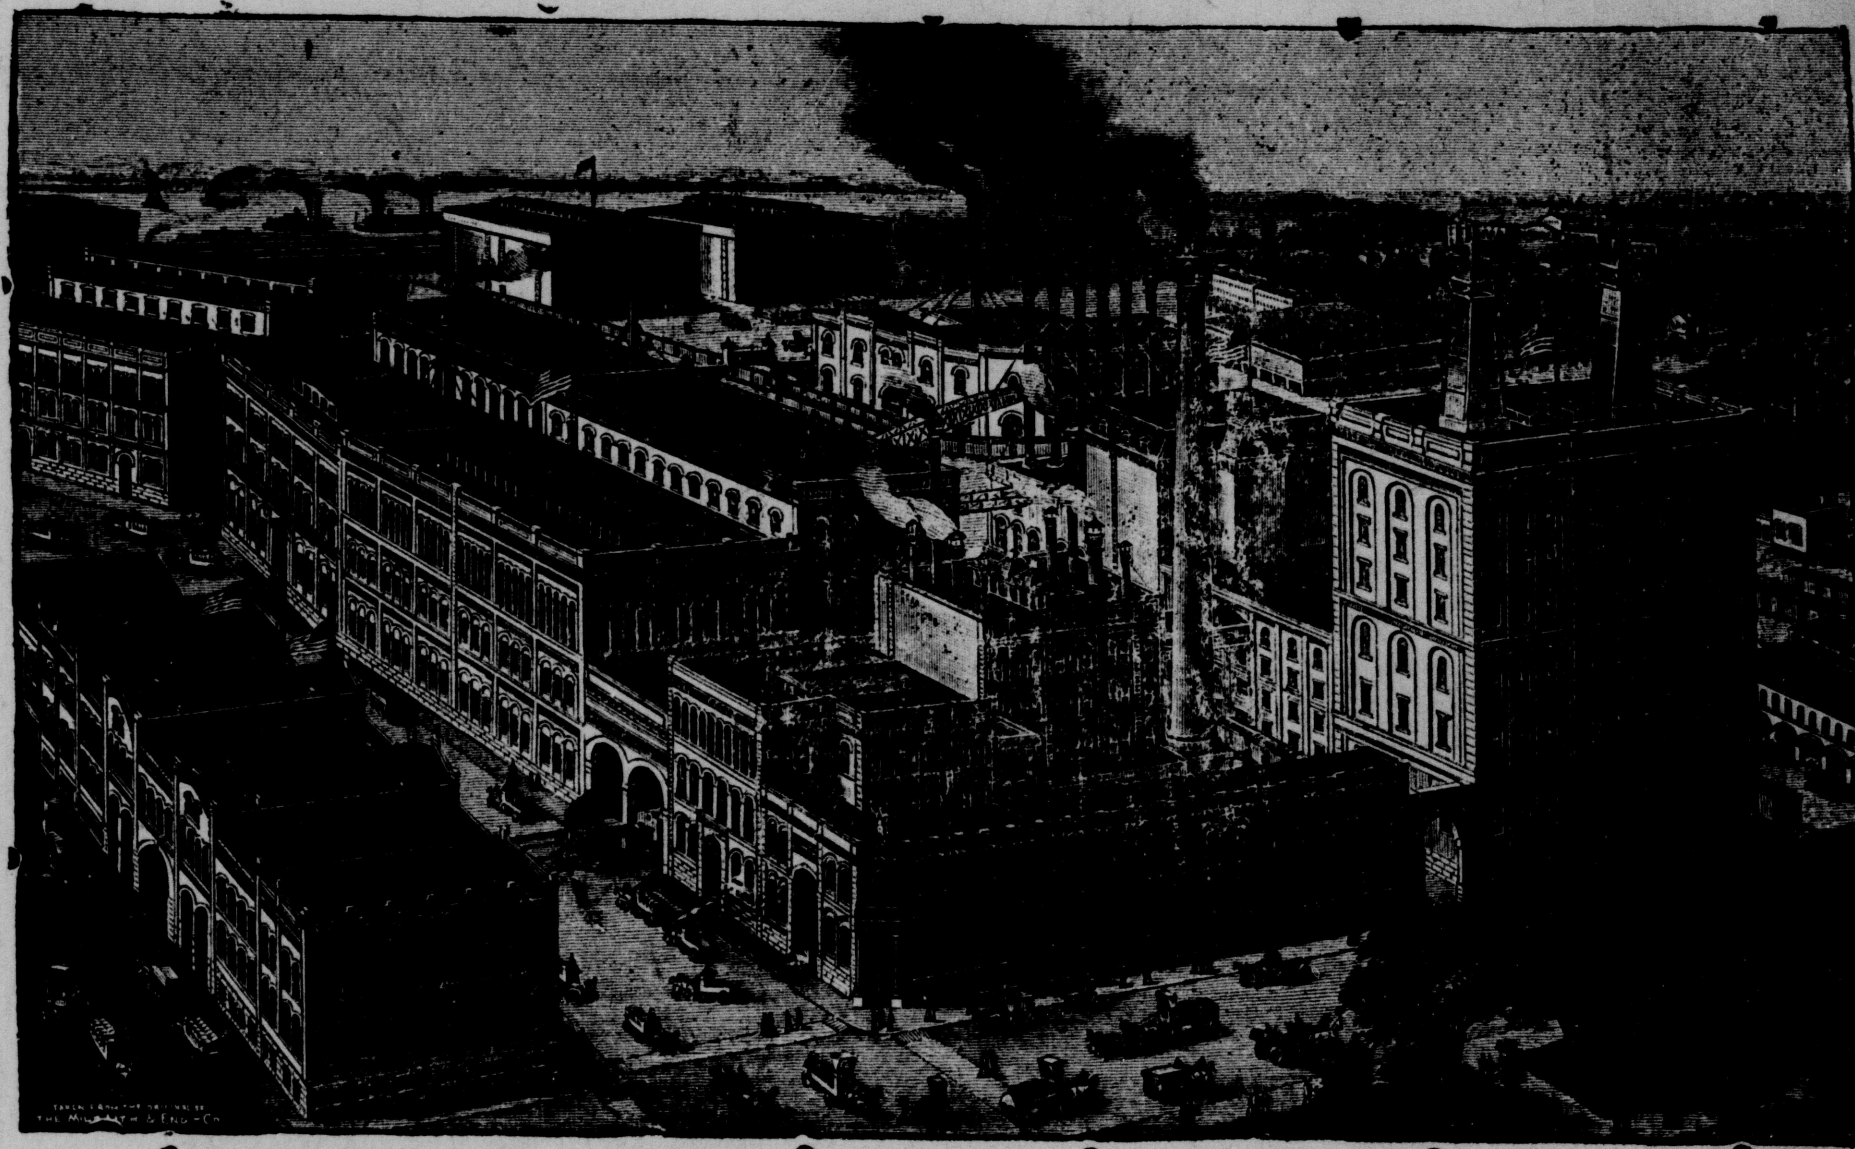

A very pretty number was a song by Misses Maggie Anderson and Ida Vollmer, "The Wind and the Harp," in which their well trained voices were brought out with splendid effect.

A dialogue, "The Journey of Life," comprising five characters, presented a Pilgrim (Loretta Kinney), who was first wooed by Beauty (May Glass), then by Fame (Etta Hurley), next by Wealth (Katie Cassidy), and finally, when about to surrender to Wealth, was approached by Religion (Maggie Cullinan), and convinced that the latter was the only true road to happiness.

One of the most pleasing instrumental pieces of the afternoon was "The Jolly Blacksmith," by Misses Maggie Anderson, Mamie Kinney, Lizzie Sullivan and Ida Vollmer.

A song by Miss Maggie Cullinan,
